GLACIAL SCULPTURE BOREAL CONSOLE LIMITED EDITION

\$6,720

DESCRIPTION

A unique design that embodies the perfect balance between innovation and tradition, this console showcases an intriguing pedestal base of white scagliola recalling the rippled, irregular surface of icebergs, the inspiration behind the entire Glacial Sculpture Collection. The mesmerizing polychromatic nuances of the top are created with pigmented scagliola that catches the light with striking visual effect. Available in a limited edition, each console displays unique features borne out of a masterful artisan's hands through a meticulous and labor-intensive technique.
