GLO 7 TABLE LAMP

\$1,180

DESCRIPTION

Part of the Glo Collection by Marina Maestri and Mattia Pelani, this striking table lamp is a unique design crafted using a combination of high-quality materials. Its standout element is the stem, originally an electric insulator in resin painted a stunning deep orange hue. The use of an industrial accent such as that and as the black iron base and top strikingly contrasts with the ethereal presence of the mouth-blown Murano glass spherical shade in opaline-white. A black-colored silk wire and LED E27 4.5-5W lightbulb (included) complete the piece.
