### GOCCIOLATO MEDIUM PAPER ALBUM

\$90

#### DESCRIPTION

This exquisite photo album will preserve memories while also being a timeless object of decor that will adorn any room or study. Its exterior is covered in paper decorated by hand with the marbling technique that here produces the "gocciolato" effect, creating a myriad of small and large drops of gold, yellow, and green. The back features a cover in Elefanta, a refined paper with a marble effect. The album contains 30 pages.
