GOLD AND WHITE GLASS CHANDELIER #1

\$17,360

DESCRIPTION

A spectacular light fixture that radiates contemporary charm, this chandelier displays an intricate silhouette with a gold-plated metal frame branching off into several straight arms, each sustaining two grooved diffusers in white glass. Each shade hosts an ES light bulb (E27 and 13W) whose light combines with the one produced by the 48W LED strip contained in the glass shell covering the central frame of the chandelier.
