GOLD VIDE POCHE WITH GRAY HORSE

\$150

DESCRIPTION

A noble horse dressed in a colorful Middle Eastern-inspired saddle dominates the center of this refined porcelain vide poche. Entirely painted by hand, this exquisite catch-all tray can be displayed on an entryway console or office desk, but its charming proportions allow for a variety of uses, including as a candy dish on a coffee table or jewelry tray on a vanity. The flared border boasts a golden color that lends a sophisticated flair to this functional decorative accessory.
