GOMBO UNO COFFEE TABLE BY MASCIA MECCANI

\$3,220

DESCRIPTION

A harmonious mix of essential lines and materials, this coffee table features a low profile that gives a complete view of the square walnut wood top decorated with an abstract design. Using water-based, non-toxic paint in an earthy palette, waves of brick-red, pale-yellow and brown seem to move on the surface, accented with large cork disks and small dark pebbles that evoke a mountain terrain. The addition of big wooden castor wheels enhances the mix of industrial and rustic inspirations of this intriguing piece that will add personality and dynamism to a modern and contemporary living room.
