### GRACE PINK SIDEBOARD

\$3,630

---

#### DESCRIPTION

Created exclusively for Artemest's "Stranger Pinks" event at Fuorisalone for Milan Design Week 2018, this exclusive sideboard designed by Sara Mondaini Grace was crafted of steel sheet using laser cutting technology. Inspired by the streamlined designs of the fabulous 1950s, this console has a rectangular shape with rounded corners finished in a cotton-candy pink color raised on a base with a golden finish. Two sliding doors with a pink, perforated panel and a gold-finished frame reveal an interior with shelves. This versatile console will bring aesthetic lightness and elegance into any decor.
