GRAY ROUND SIDE TABLE

\$780

DESCRIPTION

Ideal to be interposed between two sofas in a modern indoor or outdoor setting, this side table is marked by a sleek and luminous metal frame powder-lacquered in light-gray (Tecnogym RAL) with streamlined, cylindrical legs reinforced with orthogonal bars. Decorated by hand with a foliage motif and set into its frame, the tabletop is treated with resin to obtain a glossy, vitrified look. The table belongs to a limited series of 300 pieces and is supplied with an authenticity certificate.
