GREEN ALUCHAIR COLOUR

\$1,150

DESCRIPTION

Simple yet bold, this chair is characterized by clean lines and a pale green color with a semi-glossy, powder-coated finish with a silhouette inspired by the archetypal form reinterpreted using innovative technology. Made of aluminum, the body is crafted of two folded sheets of aluminum that are joint mechanically without the use of welding. The open backrest is slightly reclined, and the tapered legs have small cylinders with rubber feet: details that add lightness and comfort to this industrial-inspired look. This design by Alberto Colzani, 2018 was shown at the 2018 Fuorisalone event.

DETAILS & DIMENSIONS

- Material: Aluminum, Rubber
- Dimensions (in): W 16.14 x D 18.11 x H 31.89
- Dimensions (cm): W 41 x D 46 x H 81
- Handmade In Italy
