GREEN AND GOLD TABLE LAMP

\$3,880

DESCRIPTION

An opulent and vibrant accent piece as functional as it is decorative, this table lamp boasts a fancy body in green and clear Murano glass adorned with twisted, amber-toned glass ribbons. Its peculiar design and shimmering quality are achieved thanks to the "balloton" technique and 24K gold leaf inserts. A cream-colored lampshade with golden hems completes the design. US and European bulb sockets are both available upon request to the Concierge.
