## GREEN PARADISE BIRDS SET OF TWO CUSHIONS

\$590

### DESCRIPTION

Stunning in its simplicity, this limited edition cushion is part of the Japanese Kimono Silk collection, in which Japanese silk kimonos from the 50s are repurposed and given a modern twist. The piece is upholstered in two parts, flowing seamlessly together: the first section features subtle birds of paradise motifs (both in full-color and white silhouettes) set against a rich olive-colored background while the second section is in a sheer, solid tea-green silk. Perfect on a chaise longue in a study or a bedroom.
