GREEN TABLE BY SOVRAPPENSIERO

\$17,715

DESCRIPTION

This table is inspired by the shapes and typical grooves of the Greek columns, as a symbol of solidity and a reference to the idea of eternity. The tabletop houses in its center polished metal discs, framed by a series of grooves inspired by the reverberation of the waves caused by a stone thrown into still water. The base is made from two large steel pipes which are sectioned into 8 parts. The cuts are then turned over and re-welded together. The table top is machined on large vertical lathes.

DETAILS & DIMENSIONS

- Material: Steel
- Dimensions (in): W 59.06 x D 59.06 x H 29.13
- Dimensions (cm): W 150 x D 150 x H 74
- Handmade In Italy
