## GROOVE SEMI-HEXAGONAL EARRINGS IN YELLOW GOLD

\$480

### DESCRIPTION

This elegant and modern pair of earrings is part of the Groove collection, distinctive for its unique hexagonal shape. In this case, the semi-hexagonal silhouette of the pieces with a silicon back jacket features a pierced structure made of 925 silver with 18k yellow gold plating that was crafted by hand and finished with a specific technique called "stardust". Each piece is adorned with a fuchsia-colored zirconia both on the front and back that was mounted by hand.
