**GUELFO FUR ARMCHAIR**

\$6,540

## DESCRIPTION

Designer Lapo Ciatti transformed the classic wingback Bergere armchair into an unconventional seating that will add a refined touch to both modern and traditional interiors. The reassuring silhouette - with a comfortable seat, high-back and embracing side wings and armrests - is entirely upholstered in an elegant off-white mélange, eco-friendly fur made of 100% polyester with black nickel cylindrical legs. This armchair is a piece of great visual impact that will become the protagonist in any living room or bedroom, especially when paired with a monochromatic furniture decor.
