GUINEA TURQUOISE WALL LIGHT

\$1,230

DESCRIPTION

Multiple layers of pleated organza in a bright and bold turquoise shade were fitted over a round brass frame in order to create the exquisite shade for this elegant light fixture. On the opposite side of the bulb is a brass wall anchor bearing a round shape, matching that of the shade and featuring a lustrous polished surface. The light is reflected in the brass disc, creating a dialogue between the anchor and the shade and producing a gorgeous iridescent ambient lighting.
