GUSCI WHITE VASE

\$265

DESCRIPTION

The name of this collection ("egg shells" in English) hints at a delicate surface, organic in texture and silhouette, that embodies one of the characteristics of ceramic. The contemporary design of this vase is entirely hand-crafted, distinctive for its conical body and jagged rim. The neutral color of this piece makes it particularly suitable for a modern or rustic interior, boasting the one-of-a-kind mark of true-craftsmanship in the irregularities of the rim and textured finish. This stunning piece will create a strong visual impact in any room of the house.
