HAC GRAY OVAL COFFEE TABLE WITH WHITE CARRARA MARBLE TOP

\$1,070

DESCRIPTION

A mix of modern elegance and geometric lines, this architectural-looking table exudes simplicity and lightness. Composed of four elements that are easily assembled with a simple joint system, this coffee table features two laser-cut methacrylate legs supporting an oval top of beveled white Carrara marble encased in a smoke-gray methacrylate ring. The hand-polished methacrylate of the supporting structure of this original design allows the marble to stand out in a modern and contemporary living room.
