HAC OVAL COFFEE TABLE WITH GRAY CARNICO MARBLE TOP

\$1,250

DESCRIPTION

A well-balanced design that merges classic curves and modern appeal, sturdiness and transparency, traditional and modern materials, this sleek design is composed of three elements made of clear methacrylate that is beveled and hand polished to enhance its reflective quality. The crossed base and wide ring hold a superb oval of gray Carnico marble wedged in the base by means of a user-friendly joint system that allows for quick assembly. The open base offers an eye-catching floating effect that will infuse a contemporary allure in any living room.
