HAC ROUND COFFEE TABLE WITH WHITE CARRARA MARBLE TOP

\$890

DESCRIPTION

A solid tradition of hand-craftsmanship is behind this exclusive design that merges modern creativity with heterogeneous materials. This versatile coffee table will stand out in a contemporary living room or office interior with its silhouette that showcases a perfect interlocking of shapes and materials. Framed by a wide, clear methacrylate ring, a prized white Carrara marble round piece forms the striking tabletop that is inserted in a crossed base made of two laser-cut methacrylate legs. Shapes and joints are designed to make assembly easy and intuitive without the aid of tools.
