HACKER 2 BOWL #2

\$10,680

DESCRIPTION

Presented at Milan Design Week 2019, the Hacker Collection by Paolo De Vivo features a series of stunning decorative objects of repurposed natural stones that are skillfully cut and composed in geometric patterns of great artistic and aesthetic allure. This bowl boasts two striped sections of white Carrara and Sivec marbles framing a center with a checkerboard pattern made of black basalt and white Carrara accented with blue sodalite and green onyx details.
