HAMILTON MEDIA UNIT

\$9,275

DESCRIPTION

An idea of lightness and natural grace is the leitmotif in this piece, created to seem almost suspended. Its design features a rectangular floating structure in wood with a myrtle burl veneer and brushed gloss finish. The upholstered open compartment reveals a single shelf and has a front panel covered in grosgrain design leather (in Clayton lumiere 1639) with a single handle in burnished brass. This is a stream-lined media unit that will transform any room into a cosmopolitan loft.
