HAMSA PLATE #3

\$110

DESCRIPTION

Symbol of faith, happiness, and luck in both Islam and Judaism, a stylized depiction of a hamsa is showcased on this plate of the eponymous collection designed by StudioPepe exclusively for Les Ottomans. Resting on a light-blue background, the hamsa palm is reduced to its essential forms, with white dots for the pinky and thumb, a white circle with a black central dot for the palm, and three long brown-beige ovals for the fingers.
