HAPPY PLANET CIRCULAR GREY LAMPSHADE

\$270

DESCRIPTION

Part of the Happy Planet collection designed by Dominoni and Quaquaro, this lampshade is an exercise in sophisticated minimalism. The silver-plated metal base supports a spherical element of mouth-blown glass with an elegant grey finish. The geometric rigor of both pieces mixes with the ethereal quality of their materials for a strikingly delicate effect. Either alone or displayed with other items in the same collection, this piece will be eye-catching and unique.
