Alessi Ceramiche

WOMAN HEAD WITH PINK TURBAN LARGE VASE

\$670

DESCRIPTION

Entirely handcrafted by master Giacomo Alessi for 2018 Milan Design Week, this piece is an homage to women's beauty and is distinguished for its skillful use of simple colors. The ivory complexion of the Sicilian noblewoman is complemented by the elegant turban, necklace, and earrings rendered in a vibrant, pastel pink. The sumptuous orange lips, expressive eyes, bold eyebrows, and locks of black hair peaking through the turban intensify her captivating countenance. Graceful in its simplicity, this striking vase is a powerful illustration of when ceramic art redefines contemporary design.
