HER SIDE TABLE

\$5,380

DESCRIPTION

An eye-catching piece, this lavish side table will add timeless glamour to any decor. Made of bronze with an antiqued finish, the sleek silhouette features a delicate round tray supported by a slender silhouette of a woman, reminiscent of the timeless Venus de Milo ancient Greek statue. The tactile finish of the bronze statue infuses neo-classic allure to the piece that will be best showcased as a pair alongside Him Side Table from the same collection.
