HEX 42-GEM YELLOW GOLD RING

\$165

DESCRIPTION

A traditional color combination and a bold, geometric silhouette create this stunning ring that will add a sophisticated and modern accent on a special occasion, either alone or stacked with others of the same Hex collection. The hexagonal shape is made of 18k yellow gold-plated 925 silver with the external perimeter adorned with a total of 42 zirconia. This stunning piece is available in sizes 12, 14, and 16.
