HIDEBARAT POLYCHROME BENCH BY ETTORE SOTTASS

\$14,815

## DESCRIPTION

This captivating bench of assembled polychrome marble slabs is designed by visionary designer Ettore Sottsass. It is an ode to sharp angularities, where each edge contributes to the general sculptural appeal exuded by this piece. The use of natural stones implies unrepeatable tracers, admirable from always new perspectives. A plinth base completes this statuesque design.

## DETAILS & DIMENSIONS
