## HIDEOUT LOVESEAT BY FRONT

\$11,040

### DESCRIPTION

An exquisite addition in the Hideout collection, this loveseat was designed by Swedish duo Front in 2018. It features a simple structure in beechwood that supports a cushioned seat. The standout element is its tall backrest, also cushioned, and its two enveloping sides, covered with elegant Viennese straw and framed in steam-bent beechwood - a homage to the staples of Thonet's furniture. The fabric adds a contrasting and contemporary accent to the piece.
