Villari Home Couture

HIROITO SILVERY TABLE LAMP

\$1,590

DESCRIPTION

A glaring and intricate metal mesh of intertwining circles envelops the ultra-clear, cylindrical glass body of this superb table lamp, ideally placed on top of accent tables or sideboards, either in modern homes or private studies. The structural central stem peeks out from the cylinder up to the socket where the bulb is inserted, its light filtering through a classic drum lampshade in white fabric that seals this unbelievably versatile design.
