LIGHTING : TABLE LAMPS

Il Paralume Marina

HONEY VENETIAN GLASS TABLE LAMP

\$4,740

DESCRIPTION

This striking table lamp will be an eye-catching addition to an entrance, a dining table, or a living room. The brushed and lacquered vertical metal structure with gold polish rests on top of a round base and stems vertically to support three Venetian mouth-blown elements in a delicate shade of honey. These three elements support the lights and are shaped like horns, with elongated silhouettes that create a dynamic effect. Different sizes and shapes are available. Please ask the concierge for details.
