Pinetti

HOOK MEDIUM BASKET

\$430

DESCRIPTION

Part of the Hook collection, this basket is elegant and functional, providing a versatile space to store a variety of everyday objects both for indoor or outdoor, such as sandals and beach towels by poolside or on a yacht. The lining is made of grey cotton and can be removed. The external shell is a net of reconstituted leather in a delicate black shade. It is also available in other colorations from Pinetti's Antibes collection. This sophisticated storage choice can be combined with other baskets from the same collection in different sizes or leather colors.
