**HOOKED EARRINGS**

## DESCRIPTION

The Hooked Earrings are lobe earrings in the shape of a snake. The closure at the back is carefully concealed within the back in the shape of a tail, creating the illusion of a continuous line between the front and the back of your earlobe. The serpent interacts playfully with your ears, enhancing your beauty and self-expression. The Hooked earrings are wearable sculptures part of the Enchanted Collection, in which feminine and harmonic shapes blend with art, craftsmanship and love for nature.
