HUGME MIRROR BY GAE AVITABLE

\$3,120

## DESCRIPTION

Designed by Tana Design's founder Gae Aulenti, this mirror represents a metaphor on the relationship between climate change and human emotions: individuals' unconsciousness and inability to enjoy small things offered by the surrounding world. This stunning work of art features a wooden rod holding a circular mirror with elastic support made of gum arabic. A simple silhouette, reflecting a much more complex reality.

## DETAILS & DIMENSIONS

- Material: Wood Mirror glass Gum arabic
- Dimensions (in): W 12.99 x D 23.62 x H 78.74
- Dimensions (cm): W 33 x D 60 x H 200
- Handmade In Italy
