HUMAN BEING DESSERT PLATE N. 6

\$70

DESCRIPTION

Elegantly displaying the traditional garments and accessories of different people across the globe, the Human Being Collection is a series of plates that showcase the world in a whirlwind of designs. In this exquisite dessert plate, introduced at Maison&Objet 2019, the two central figures showcase two different styles of clothing worn in 19th-century Europe. The porcelain dessert plate has an ochre background adorned with a light frame that encloses the scene with a Greek meander and wave pattern, an artistic homage to the culture of origin.
