HUMAN BEING DINNER PLATE N. 6

\$110

DESCRIPTION

Elegant and unique, this porcelain dinner plate is part of the Human Being Collection introduced at Maison&Objet in 2019. The plate's light ochre background is enlivened by the central motif which features two men wearing traditional European garments from the 19th century. The plate boasts a circular frame with Greek meander and wave motifs which allude to Greek Philosophy as of the pillars of Western culture. A multitude of figures all dressed in traditional clothes characterize the rim, creating a lively and colorful display that is evocative of the rich diversity of the world's cultures.
