Diego Poloniato

HUSSAR AND COUNTRYMAN ON HORSES TWO-TONE SCULPTURE

\$2,930

DESCRIPTION

Effortlessly intricate, this sculpture by master ceramist Diego Poloniato depicts a sleepy hussar and his drunken countryman companion. Expertly hand-carved, their silhouettes are handcrafted combining semi-refractory clays that are hand-molded, fired at 1130°, treated with pure oxides, and vitrified. The contrasting warm and cool tones highlight the sculpture's impeccable craftsmanship.
