Diego Poloniato

HUSSAR POLYCHROME SCULPTURE

\$2,050

DESCRIPTION

In a world where fantasy is too often regarded as underrated, master ceramist Diego Poloniato deftly handcrafted this exquisite ceramic sculpture depicting a hussar on his loyal steed. Fired at high temperatures, the design is crafted combining semi-refractory clays that are vitrified and treated with pure oxides. No two pieces are alike thanks to their handcrafted nature.
