I 100 CHARGER #7

\$70

DESCRIPTION

Crafted of steel, this round charger has a textured surface that resembles fabric, striking a perfect balance between the modernity of the metal and the timeless feel of textiles. Printed on both sides there is an exquisite scene depicting in charming details the view of a pond in which, covered by the serene shadow of lotus plants, two colorful carps peacefully float. This elegant piece will enrich the look of any table and can be combined with the other designs from the I 100 collection for a colorful final effect.
