\$13,870

DESCRIPTION

This elegant sideboard has a structure in oak wood resting on a plinth base in polished brass. The rectangular and minimalist shape of the piece is highlighted by its crackle high gloss finish that creates unique effects particularly on the front where the two doors feature concave panels. Inside, the space is divided into two compartments with a shelf in each, made in oak wood with a wenge opaque finish. Sophisticated and modern, this piece will be a striking addition to a contemporary decor. Designed by Kamini Ezralow.
