I CURIOSI WOMAN VASE

\$220

DESCRIPTION

The unique design of this stunning ceramic vase is part of the I Curiosi (Curious People) Collection. The vase's distinctive decorative element is the face and hand of a woman peaking through a background of blue, pale blue, and ochre parallel lines, her inquisitive gaze breaking their rigorous linearity. Entirely decorated by hand, this eclectic piece will be an eye-catching addition to any decor, both as an original decorative object or filled with delicate floral arrangements. The vase is best paired with its male counterpart for a stunning visual impact.
