I DIVERSI SET OF 6 RED GLASSES N. 1

\$760

DESCRIPTION

This exquisite set comprises six mouth-blown Murano crystal glasses from the I Diversi Collection, aptly named because of the unique motifs on each glass that are hand-applied thus revealing different patterns. The traditional "murrine" and "cannette" alternate with modern spots, spirals, and bands in red and blue with gold and silver leaf. Arranged on a white tablecloth for a striking look, this will be a magnificent bouquet to enliven any refined home. Each glass measures 86 H x 88 Å mm, is signed and dated by the master artisan who crafted them. Dishwasher safe.
