I SOLI INVERNO TRAY BY MARIO DE BIASI

\$180

DESCRIPTION

A Sardinian sun never goes dull, not even in the winter, which is the subject of this stunning round tray. Like other pieces from this collection, this fine object of functional decor is entirely crafted by hand. The ancient graffito technique used for the vibrant decorations creates a superb interplay of colorful shades, obtained by mixing the terracotta with high-quality, vivid enamels.
