IARDA BITI CHANDELIER

\$21,500

## DESCRIPTION

This striking chandelier is crafted in bronze on which a decoration made of crochet with stunning floral motifs is applied. The round body of the piece is attached to metal cables that hang from the ceiling. The area around the light bulb is crafted in bronzed brass, creating a pleasing contrast with the bronze, and it can also be made in polished brass with a glass finish. The shade can also be made of bronze with an antique finish, white bronze, or brass. Please ask the concierge for details.
