## ICE CUBE DOUBLE EARRINGS

\$130

### DESCRIPTION

Distinguished for its sculptural appeal, this bold pair of pendant earrings blends vintage glamour with contemporary flair. Entirely handmade, the earring's stately silhouette is marked by a geometric configuration of six round resin beads of varying dimensions hanging asymmetrically for a dynamic and versatile look. Set on a palladium mounting, the transparent resin has a glossy finish that mimics the shine of crystal, allowing the earrings to shimmer and dance in the light. Best suited for formal events with a pantsuit or sleeveless dress. The earrings have a post back closure.
