IKEBANA PENDANT LAMP BY ROMANI SACCANI ARCHITETTI ASSOCIATI

\$805

### DESCRIPTION

Ikebana, the Japanese art of arranging cut flowers, and the preciousness of traditional mouthblown Murano chandeliers merge in this superb pendant lamp. Boasting a sinuous silhouette, the piece is fitted on a brushed nickel-finished rosette while the diffuser in clear crystal descends from the stem to the corolla-shaped cup marked by scalloped edges. Multiple finishing options and glass colors are available, please ask the Concierge for details.
