## IL GALLO SCULPTURE

\$33,600

### DESCRIPTION

A veritable work of art, this gorgeous sculpture is named after the Italian word for "rooster", a symbol of dawn and change. Deftly handcrafted of bronze using the lost-wax technique, it features a rooster with beautiful plumage resting on a large egg in white marble symbolizing life and rebirth. A passionate burst of feelings and symbols, it is a tribute to the centenary anniversary of Napoleon's death.
