Lucia Cavalli

ILPIATTO #3

\$500

DESCRIPTION

Combining centuries-old pottery methods and Japanese rice paper decals are the hallmarks of the IPiatti Collection by Lucia Cavalli. The irregular shape is hand-molded using "terraglia bianca", a unique white clay distinctive of Lodi's ceramic tradition, which is subsequently accented with delicate flowers detailed with lead-free black enamel and pure gold. The glossy finish adds a dynamic quality to this exclusive plate that can be displayed on the wall or even used as a serving dish since the lead-free glazes are food-safe.
