INFINITY FUCHSIA TABLE LAMP

\$1,385

DESCRIPTION

Part of the Infinity Collection designed by Studio in Project, the curved bottle design of this hand-blown, glass table lamp is perfectly matched by its soft, pastel-fuchsia hue that is enhanced by the black band around the neck. The original, double-coloring technique creates a striking decoration that makes this lamp extraordinary. The short drum lampshade is in black canvas with vinyl lining. Lampshade and glass are available in other colors upon request. Please ask the concierge for availability and details.
