**INGRID ARMCHAIR**

**\$3,195**

## DESCRIPTION

Evoking the elegance of the 60s, this sophisticated armchair is distinctive for its enveloping shape and retro-chic flavor. Inspired by vintage furniture, it is also available with a higher backrest (90cm high). It is completely revolving thanks to a swiveling mechanism, hidden within the metal plinth base (here in glossy black chrome, but also available in satin bronzed brass). The mono-bloc seat has a wooden frame with 40kg/3m density polyurethane foam for both seat and backrest. Both cushions have a cotton cover and are upholstered with a deep green velvet fabric. Contract and commercial certifications available upon request.
