INNOCENT 3-UNIT BOOKCASE BY GIO TIROTTO

\$2,530

DESCRIPTION

The Innocent bookcase is a modular system composed of single units defined by an open, rectangular shape that can be assembled to obtain a tailored solution for any interior need. The shelves of black-painted oak wood are connected by black iron joints and pipes that become a decorative element. This version is composed of three stacked modules that will add functional storage and display surface perfect to suit in a modern and industrial-inspired home or office.
